

City Council Announcements

August 14, 2007

A. Information Needed by Council Staff

1. The Council office has a waiting transmittal for a street closure of 800 South from approximately 2500 West to 2700 West in district two. The petitioner/property owner cannot proceed with building on the property and making necessary utility connections until the street closure process is finished. **Would the Council be ok with starting early advertising for this petition prior to the September 4th Work Session?** It would be on the consent agenda to start advertising on August 21st for a September 18th hearing.

B. For Your Information

1. You are invited to join Council Member Turner at the International Peace Garden Festival on Saturday, August 18th. As you may be aware the Peace Garden Committee is a volunteer group from the Council of Women which partners with the Parks Division each year to sponsor an annual event to raise funds that are used in the Peace Gardens by the various countries represented in the Garden. The Festival is also used as a way for different cultures to educate the public through the dances and food available at this event.

Entertainment will be provided by the various international groups represented in the Peace Garden.

Date: Saturday, August 18th

Place: International Peace Garden at Jordan Park, 900 West 1060 South

Time: 12:00 noon to 5:00 p.m.

2. Attached are several Grant Submissions submitted by the City.

☒ New Program (City not performing function now)

GRANT DETAILS:

The Salt Lake City Police Department is applying for funding from the Department of Justice, Office of Justice Programs, Bureau of Justice Assistance. This request is for \$118,020 during the 2007-08 fiscal year, for the purpose of purchasing supplies and equipment for the Crime Lab, as well as providing training opportunities for Crime Lab Technicians, and hiring an intern technician position to diminish the backlog of forensic analysis. The position is an intern that would leave after the internship is complete, and would sign an agreement that the position only exists while grant funding is available. The hope is that the backlog will no longer exist, therefore negating the need for the position by grant end. The goal of this project is to purchase supplies and equipment that improve the quality of forensic science processing and make a significant difference in processing evidence in a timelier manner. The grant request for \$118,020 will purchase a Latent Fingerprint Fuming Chamber, a DCS-3 Digital Capture System, a Latent Print Downdraft Fingerprint Processing Station, and a Dual Processor for Video Enhancement. Additionally, technicians assigned to work with this higher technology equipment will be trained to gain expertise and experience.

GRANT DETAILS:

The Salt Lake City Police Department is applying for funding from the Department of Justice, COPS Office. This request is for \$65,050 during the 2007-08 fiscal year, for the purpose of enhancing the SLCPD Recruitment and Hiring process, improve retention of officers, and increase diversity so that the employee makeup of the police department mirrors the diversity and makeup of the population. Funding for this project will pay overtime to have officers at recruiting fairs and community events to talk to potential officers about the law enforcement profession, print brochures, posters, etc. to display and distribute at recruiting events, to update the recruiting video, create advertisements on UTA buses and TRAX trains, create a professional booth that can be transported to events, and to provide training to officers who will be a part of the recruiting project. The goal of this project is to increase diversity within the police department that mirrors the diversity of the SLC population.

GRANT DETAILS:

The Salt Lake City Police Department is applying for funding from the Department of Justice, COPS Office. This request is for \$500,000 during the 2007-08 fiscal year, for the purpose of purchasing video surveillance equipment for the SLCPD. This project will allow the department to install video surveillance systems at key locations within the city that have been identified as high-level terrorist threat, frequent crime, large gatherings of people, or containing large amounts of hazardous or combustible materials. The cameras can be monitored in real time and/or used for evidence of crimes committed. Since they are mobile, they can be moved when crime levels drop in one location and crime increases in another, or they can be mounted prior to major events that bring large crowds such as the July 24th Parade.

GRANT DETAILS:

The Salt Lake City Police Department is applying for funding from the Department of Justice, COPS Office. This request is for \$505,500 during the 2007-08 fiscal year, for the purpose of enhancing the Police Department's new Fusion Center. The goal of the Fusion Center is to direct the PD towards Intelligence Led Policing, by better managing the information flow that enables us to direct police activities. Within that information flow is the evidence and the intelligence that detectives gather while investigating a case. The funding from this project will enable us to better pool the information that is stored in our Records Management System (RMS), as well as the Records Management Systems of other law enforcement agencies in the State. Currently the information is stored in the RMS, and drawn out by a program named Cognos. From there, detectives search through all of this evidence to draw similarities and find possible suspects. This funding would purchase Memex, which does this investigative work for us. It will save untold numbers of man-hours used to draw conclusions about crimes. It also would make all participating agencies, interoperable for data communications. The actual system includes software and licensing for our department and other departments across Salt Lake County. Further, it will provide training for detectives in the operation of the system.
